

CIVIC 5 Door Si

A new addition to the Civic 5 door range

Take a look at the brand new Civic Si. The first thing you'll notice is its sporty good looks. Colour coded body mouldings, graphite colour 17" alloy wheels, front fog lights and a sporty Type R style mesh front grille assure second glances on the road. We've also brought in dark chrome door handles and fuel filler cap, only seen before on the Championship White Civic Type R.

And inside? Half leather upholstery and a USB port for your MP3 player add to your driving comfort.
